

Dear Friends,

Welcome!

We are thrilled that your church has registered for the NSW state wide media campaign Jesus. All about life. We are very excited that your church is now part of such an amazing opportunity for Christians across NSW to reach out to those in their local community with the love of Jesus. This campaign is going to be a significant catalyst for evangelism across NSW and will help motivate Christians to share their faith.

Now that your church has registered, enclosed is your registration kit. We trust that the kit will help you to prepare your Church family for the campaign.

The main contact person in each registered church will be provided a login to the www.jesusallaboutlife.com.au website to access the church account where you can update your church and contact details, download PDF written resources such as children and youth Scripture material and find information on how to order resources including response books, DVD's and banner sizes, costs and information on the usage of the JAAL logo. As you decide what events your church will do in the community during the campaign, upload these details onto the website using this login system. Events during the six week campaign period from 15th September to the end of October will be displayed.

Across the state, churches will unite under the banner of Jesus for the six weeks of the campaign and we wait with keen expectation to see what God will accomplish through His people as the name of Jesus is spread across NSW. It will be an exciting time!

Please begin to pray and plan for the part that your church will play in this campaign. Pray that God will give your Church family strength and wisdom, discernment and boldness to proclaim His name.

Please spread the word to other churches to come on board for the Jesus. All about life campaign and unite under the name that is above all names - JESUS!

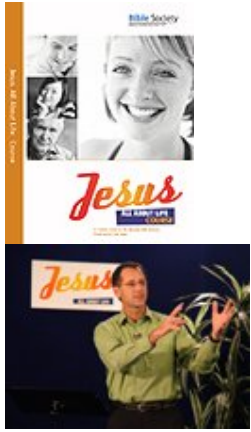

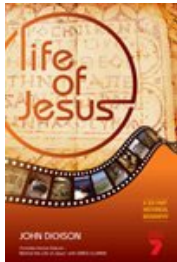

God Bless
